

Youth Conference
Special Musical Number
Young Women

YOUTH CONFERENCE
TROY STATE 2007

We are inviting any Young Women who are interested to participate in a special musical number for Youth Conference. (We need a Young Women group from each stake to participate.) We are supplying the music and need you to hold practices in your stake prior to Youth Conference. It is important that the Young Women come to Youth Conference knowing the song well. (It would be great if the youth had it memorized and did not need their music when they perform, but that is not mandatory.)

The song we have chosen was written by three Laurels (Rainey Glass, Johnell Lewis and Mellanie Murdock) because they wanted to “inspire youth like themselves”. It has a beautiful message and we hope the Young Women enjoy learning it.

You will need to have a pianist in your stake play the song for your practices, as well as someone to direct. We will provide a pianist at Youth Conference. We are including a copy of the music in your packet and you can also go to the Youth Conference web site and access copies there (www.myyouthconference.com) You may make as many copies as you need of this song. There is no limit. There is a violin part in the song (which we have changed to be a flute part) and we have a flutist who will practice with the Young Women at Youth Conference.

We encourage you to be excited about this project. We have planned two musical numbers, one performed by the Young Women and one by the Young Men. They will be singing the selections just prior to the testimony meeting, and we look forward to the spirit being felt by all who sing or listen. We understand that this will require advanced work and preparation, but know that the end result will be well worth it as the spirit of the songs and the theme of Youth Conference are felt.
