

YOUTH CONFERENCE
TROY STATE 2007

REVERENCE FOR SPEAKERS AT YOUTH CONFERENCE

Prior to coming to Youth Conference, we ask that you spend some time talking to the youth about showing the appropriate respect and reverence for the Lord's General Authorities. Elder May, our Area Authority Seventy, will address the youth at our Youth Conference testimony meeting. Our desire is that each of the youth will act in a respectful and reverent manner during his address.

We have also invited three wonderful speakers from across the country to come speak to our youth and are very excited about the messages they have prepared. It is our hope that all our youth will be respectful to the speakers so all in attendance can gain from the messages the speakers will share.

To help avoid some problems with interruptions during classes, games, dances and guest speakers, as well as to help leave the world behind at Youth Conference, we have set the rule that youth must leave their cell phones, Ipods, etc. in their dorms. The youth will have the opportunity to be in their dorms in the morning and evening and we feel this is adequate time to stay in touch with family if necessary. **We need all leaders to be vigilant about this rule and help us by confiscating any electronic devices the youth use outside of their dorms.**

Thank you,

The FWB Stake Youth Leaders
The FWB Stake Youth Committee
